## Fibreglass Sand Filters

EMAUX filters use the latest in fibreglass winding technology, digitally controlled filament winding machines wind continuous strands of fibreglass filament to create a strong filter vessel with refined consistency and superior quality.

- 🔧 Bobbin wound fibreglass & polyester
- 🔧 Clamp lock mechanism for 1½" & bolt flange for 2" valves
- 🔧 UV resistant surface
- 🔧 Oil filled Stainless Steel pressure gauge
- 🔧 Union set included
- 🔧 Drainage plug for easy clean or sand change
- 🔧 Large range with 1½" 50mm and 2" 63mm fittings

CODE	DESCRIPTION	H (C)	Ø (A)	FLOW	VALVE	SAND
FET18	Sand Filter 450mmØ	814mm	455mm	135l/m	1½"	1
