

Air Pumps

APH

Special rubbers help to keep a steady air output and pressure, an advanced air compressing system; damping system & multi-level muffler make it extremely quiet. The compact structure is made of an aluminium alloy which gives quick heat dissipation & a long service life.

APV

The V-series super silent is truly its name-sake with a double damping system. The low power consumption makes it an energy saver and with its high quality aluminium alloy casing it has a long service life as well as being compact & light-weight.

CODE	DESCRIPTION	DIMENSIONS	VOLTAGE	POWER	OUTPUT	NOISE	WEIGHT
APV10	Air Pump V 10l/m	129x122x101mm	220-240V	10W	10l/min	35dB	1.3kg
APV20	Air Pump V 20l/m	230x185x180mm		15W	20l/min	40dB	2.5kg
APV30	Air Pump V 30l/m	245x202x205mm		25W	30l/min	40dB	3.5kg
APV60	Air Pump V 60l/m	270x242x210mm		35W	60l/min	45dB	5.6kg
APH60	Air Pump HAP 60l/m	203x165x153mm		55W	60l/min	40dB	6.0kg
APH80	Air Pump HAP 80l/m	203x165x153mm		85W	80l/min	40dB	7kg
APH100	Air Pump HAP 100l/m	203x165x153mm		105W	100l/min	45dB	8.5kg
APH120	Air Pump HAP 120l/m	203x165x153mm		125W	120l/min	45dB	9.5kg
