

**NEW  
LED  
Water  
Features**

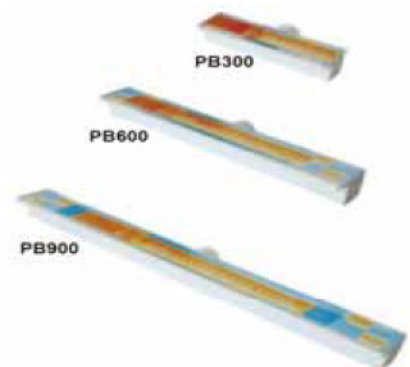

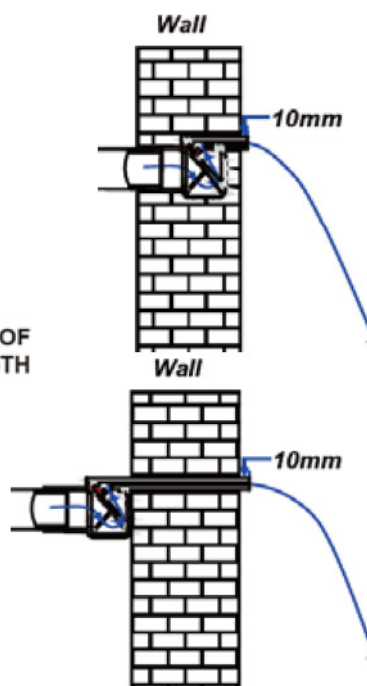

- 💧 Clear, smooth, sheet of water is a beautiful addition to a pool or water feature.
- 💧 Easy to install. Different length lips to fit various wall sizes
- 💧 Built in 12V LED lighting to add that special effect
- 💧 Multiple waterfalls can be synchronized with the control unit with 25 patterns
- 💧 Operates with low flow rates from 500 ~900 litres per hour per 100mm of weir width
- 💧 All units also available without LED lighting (*dimensions remain the same*)

CODE	DESCRIPTION	Lmm	Wmm	Dmm	Lipmm	(L) LED
WWP3S(L)	Water Feature Weir (Short) LED	306	138	76	25	4W
WWP3M(L)	Water Feature Weir (Medium) LED	306	263	76	150	4W
WWP3L(L)	Water Feature Weir (Long) LED	306	343	76	230	4W
WWP6S(L)	Water Feature Weir (Short) LED	606	138	76	25	8W
WWP6M(L)	Water Feature Weir (Medium) LED	606	263	76	150	8W
WWP6L(L)	Water Feature Weir (Long) LED	606	343	76	230	8W
WWP9S(L)	Water Feature Weir (Short) LED	906	138	76	25	12W
WWP9M(L)	Water Feature Weir (Medium) LED	906	263	76	150	12W
WWP9L(L)	Water Feature Weir (Long) LED	906	343	76	230	12W

APPROXIMATE PROJECTION OF SHEET OF WATER PER 300MM OF WATERFALL LENGTH

### Installation Examples

### Control Unit c/w Remote

**Inline  
Cone  
strainer**

Used to stop debris from blocking the weir
